

SUN BEAMS

By WALTER M. BARRETT

It's high time for fishermen and fisherwomen to start the annual inspection of equipment. The trout season opens a week from Saturday and there are still lots of things to be done before that eventful day. Lines should be checked, hooks replaced and sharpened, rods repaired or renewed and last but by all means not the least, a license must be procured. Better start checking up today.

On occasion the Lions club is criticized for its apparent idleness, but most worthwhile things are done without a lot of clamor or ballyhoo and so it is with the Lions. Numerous donations are made to worthy causes, the welfare of a neighbor is always a foremost consideration and scores of acts of generosity and unheralded kindness are typical of Lionism.

Truckee has suddenly become a most popular location for circuses. We will have one with us tomorrow and a second will arrive for shows here Sunday and Monday. A third, which planned to exhibit here on Monday, decided that the town was going to be over-circused so canceled its local engagement.

Incidentally, the debris problem on the main street sidewalks and gutters is still unsolved and offers the usual unsightly appearance. Oh, well, maybe the visitors will not pay any more attention to it than we seem to.

The closing of the box factory at Hobart Mills marks another step toward the final abandonment of that once thriving, homey little community. By mid-summer there will be few left who aided in the building of one of the best small towns in the state.

Even though he is unopposed, C. E. Smith, candidate for reelection as a director of the Truckee Public Utility District, is entitled to a big complimentary vote. Everyone eligible to do so should cast their ballot on May 4.

Don't forget "The Patsy", at the Masonic hall tomorrow night. The high school students are prepared to offer you two hours of good entertainment and they deserve your support.

VICTIMS OF AUTO CRASH IMPROVE IN HOBART HOSPITAL

J. B. Clark of Hobart Mills, who was so seriously injured in an automobile accident last week is getting along nicely at the Hobart Hospital, according to word from that place. While still in a cast, Mr. Clark is able to be up part of each day. His daughter, Mrs. Hope Weeks, who was injured in the same accident, was able to be removed to the home of her parents last Sunday and is greatly improved.

FOUR NEW FORDS ARE SOLD IN THIS DISTRICT

John Thornton, local Ford dealer, announces that during the past week four new Fords have been sold in this district. The new owners are Mrs. John Stevens, E. S. Dolye, Eli Stylys and Harry Johanson.

TONY PACE BECOMES LION AT MEETING OF LOCAL GROUP

Tony Pace, well known Truckee resident, employed at the Truckee-Tahoe Lumber Company yard here, was initiated into the Lions club at the meeting Wednesday night. Rev. G. W. Emigh was the principal speaker. R. C. Gregory presided.

MAYHEW RETURNS TO OPEN BENNIE'S

G. W. Mayhew, genial manager of Bennie's Inn at Lake Tahoe, passed through Truckee Wednesday on his way to the lake where he will start preparing for the summer business. He plans to have the resort open to full capacity by May 1. Mayhew spent the winter at Clarksville.

Return Home—

Mr. and Mrs. W. F. Wilkie have returned from a trip to Boulder Dam and vicinity.

Return from City—

Mr. and Mrs. Walter Loynd have returned from a trip to San Francisco.

MOTOR TRAVEL THROUGH TRUCKEE THIRD IN STATE

New High Mark Established As Travel Increases In This Area

REGISTRATIONS GAIN

Benefits of Station Here are Cited By Captain Of District

Tourist travel through Truckee not only was heavier in the first three months of 1937 than for the same period in 1936, but non-resident applications at the local checking station more than doubled, Captain Earl W. Personius, CHP, in charge of the northern stations announced this week.

In January, February and March, 1937, non-resident registrations totaled 310 as compared to 154 for the first quarter of 1936. The station also issued 1668 non-resident permits as against 1551 in 1936.

"This very appreciable travel increase through Truckee means much to Truckee businessmen and the State of California," Captain Personius said. "The tradespeople received much money which otherwise would have gone elsewhere, and the state got thousands of dollars which might have been lost had not the Truckee checking station been open 24 hours a day in order to issue non-resident permits to tourists and collect registration fees due at the point of entry."

The Truckee station stands third in the state from January 1 to April 1, 1937, in number of non-resident applications received, being topped only by Blythe and Yuma with nearly six times the volume of travel.

Judging by the material increase in tourist vehicle and number of passengers, 1937 bids fair to be a banner year for California visitors.

To April 1, 1937, 48,891 non-resident vehicles entered the state at the seven checking stations as against 38,674 in 1936, a gain of 10,317 machines. Passengers for the same period totaled 132,641 as against 102,187 in 1936, an increase of 30,454 persons.

MECHANIC ADDED TO McIVER STAFF AT PONTIAC GARAGE

Glenn Coffey has been engaged by James McIver, local Pontiac dealer, to take charge of Pontiac service and general repair work at McIver's Garage. Coffey comes here from Denver where he had experience of this kind.

George Gray has taken charge of the blacksmith shop which has been built, and which is being machined with modern tools. Light and heavy blacksmithing and ornamental iron work will be done. The shop will be ready about May 1.

MRS. BOVEE LEAVES FOR STOCKTON MEET

Mrs. W. I. Bovee left for Modesto Wednesday to be present at a dinner of the Past Presidents Club of Daughters of Union Veterans of the Civil War, going later to attend the annual convention of the G. A. R. and allied orders in Stockton all of next week. She will participate as a national officer, representing the Women's Relief Corps.

From Nevada City—

Mrs. Elizabeth Leiter of Nevada City, deputy grand matron of the 8th district, held a school of instruction at the regular meeting of Truckee Chapter, No. 116, O. E. S. on Tuesday evening.

In Truckee—

Mrs. L. C. Shank, Jr., of Carnelian Bay was a visitor in Truckee this week. Mr. and Mrs. Shank and daughter have recently returned from Oregon where they enjoyed the opening of the steel-head trout fishing on the Klamath.

Robbery Suspect Nabbed Here On Auburn Charge

Youth Taken Off Stage As Hotel Room Looted In Auburn

Walter Selton, 19, a transient, is being held in the Placer county jail at Auburn following his arrest in Truckee last Sunday by Deputy Sheriff Tom Doley, who took the youth off an eastbound stage.

Stanley Day, a miner, who caused Selton's arrest, said that he allowed the youth to sleep in his room at Auburn Saturday night. He awoke to find both Selton and his wallet containing \$135 missing.

Officers traced the fugitive through a stage ticket he purchased. Day's wallet was found in Selton's possession when he was arrested. The \$135 was missing.

Smith Files To Succeed Self On Utility Board

Points With Pride to Many Accomplishments In Local District

C. E. Smith was the only candidate to file papers for the office of director of the Truckee Public Utility District for the forthcoming general district election on May 4. Smith was elected to the board at the time of the formation of the district in 1927. He has been an ardent advocate and supporter of the district since its inception and was re-elected as a member of the board in 1929 and again in 1933.

The present board consists of C. B. White, T. O'Hanrahan and Smith, all of whom have served as members since the district was formed. Smith was elected chairman of the board at the first meeting and has served in that capacity since. He has been a strong advocate of low electric rates and has stood strongly for progressive reduction in rates as the conditions of the district warranted.

In a statement this week, Smith said:

"There were those among us in 1927 who scoffed when we promised lower rates and who freely predicted the early failure of the district, as well as a burden of taxation from its operation. Those of us who had faith in the district, in our selves and in our ability to handle the program we had outlined have been amply repayed. The district has done much for Truckee—we can point with pride to one of the best street lighting systems in any town of its size in the west and with no taxes on the property owners for the same.

"The district has contributed liberally to all civic undertakings and the people of the district are enjoying rates nearly 50 per cent lower than before the district was formed. There is still much that can be done and as a member of the board I can promise that plans are already underway to bring about still further reductions in our electric rates and so long as I am a member of the board I will not be satisfied until we are enjoying as low rates as any like community."

Great Grandmother Visits—

Little Regina Green is enjoying a visit with her great-grandmother, Mrs. L. G. Pigg of Palo Alto who is a guest at the home of Mr. and Mrs. L. A. Green. The former is a grandson of the guest who will remain here for some time before going to Roseville where she will be with other relatives.

In Nevada City—

H. I. Snider of the forest service was a visitor in Nevada City this week.

Go To City—

Mr. and Mrs. E. L. Loynd left on Wednesday for a visit in the bay district.

EMIGH TO RETIRE FROM CHURCH AS SESSION IS HELD

Will End Preaching Career Of 38 Years On June 1st

CHURCH NAMES BOARD

Successor May Be Selected To Replace Pastor In Truckee

A ministerial career of 38 years will be ended on June 1 when Rev. G. W. Emigh, for the past two years pastor of the Truckee Methodist Church plans to retire from the work.

The announcement of his retirement was made following the quarterly conference of the local church last Sunday under the direction of Dr. H. K. Hamilton of Sacramento.

Those named as trustees for the local church are Mrs. McKay, Mrs. Kamp, Mrs. Dan Smith, P. R. Nelson, A. P. Leitch and C. E. Smith.

A report on the church and Sunday school was given by Rev. Emigh.

A successor to Rev. Emigh is expected to be named prior to the time Rev. Emigh's retirement becomes effective or at the conference to be held in Sacramento in June.

Rev. Emigh started his preaching career in Colorado where he was engaged in missionary work for some time before coming to California 38 years ago. He held pulpits in Benecia, Forestown, Capay, Madison and Greenville.

Twenty-eight years ago Rev. and Mrs. Emigh established their home in Carson City and while he has been called to a number of Nevada and California churches since that time, they still maintain their home in the Nevada capital.

Rev. Emigh has won many friends in Truckee during his time here and the departure of the family will be regretted.

The pastor will continue preaching here until June 1.

WYETHIA PARTY IS ATTRACTION HERE ON MONDAY NIGHT

The Wyethia Club gave a party on Monday evening with bridge occupying the attention of the guests for several hours.

Mrs. E. J. Campbell, Sr., and W. H. Laity were given high awards at the auction tables while Mrs. Benjamin Tonini and R. P. Bick were awarded the consolation tokens.

Mrs. W. H. Laity held high score at contract. Delicious tamales were made and served by a committee of members after the games.

O'HANRAHAN SAID TO BE GAINING IN RENO HOSPITAL

Word from the bedside of Tim O'Hanrahan, prominent Truckee resident, seriously ill in a Reno hospital late Thursday morning was to the effect that he spent "a good night" and that his condition, while still grave, was not more so than it has been this week.

PLAN RECEPTION FOR CLUB OFFICIAL IN VISIT TO TRUCKEE

Members of the Wyethia Women's Club are preparing for the reception of Mrs. Mable Richards of Chico, state vice president of the Federated Women's Clubs, who will address them on "Modern Books" of current interest at the club house on May 6.

Leave For Tahoe—

Mr. and Mrs. R. G. Wallace and family who have been making their home in Truckee have left for Lake Tahoe where Wallace is employed by the highway department.

John Herman and C. L. Hill have gone to Quincy where they have secured employment.

Box Factory At Hobart Closed As Work Finished

Between 20, 30 Employees Effected by Lay-off At Hobart

Another step toward completion of several years work at Hobart Mills was taken Wednesday night when the big box factory there was closed permanently.

The shut-down effected between 20 and 30 employees of the Hobart Estate Company, which is closing its mill and factory, preparatory to abandonment of the mill community.

A number of other projects at Hobart remain to be completed, but by July or August, according to T. K. Oliver, manager of the company's interests, all work will be done and the equipment sold or abandoned.

Purposes Told For School Week By P. T. A. Head

Understanding of Work is Urged By Local President

The primary thought in all parents' minds this "Public Schools Week" should be not only to become acquainted with the work of the schools but with each other as well, according to Mrs. S. E. Gordon, president of the Truckee Parent Teachers association.

"Knowledge gained," says Walter F. Dexter, superintendent of public instruction for California, "and the relationship established during this week's activities will undoubtedly develop a spirit of mutual understanding that will be helpful in promoting the best interests of the schools."

Each year brings out new ideas, new thoughts, new methods—there is no greater opportunity and challenge to the teachers and parents today than to train for character and personality, Mrs. Gordon declared.

Most schools are trying to meet it—many parents lose sight of those attributes, Mrs. Gordon said, yet many of our leaders have their social and political attitudes determined in the school room.

If the school is to be the foundation upon which rests our political superstructure, the people must appreciate not only its aims and purposes but become familiar with its work. Anyone interested in state and national government will be delighted with the objectives of the National Congress of Parents and Teachers which find expression in the policies outlined by state and local branches. The Parent Teachers association represents an effort on the part of parents and teachers to study together their joint educational responsibilities.

Almost all California schools are progressive and nearly all have adopted modern methods.

"We the parents," said Mrs. Gordon, "can help the teachers and the pupils by studying and encouraging the new progressive methods not because they are new—but because they mean a normal development for our children. Let us visit our school and try to understand what our teachers are doing."

Honeymoon Here

Mr. and Mrs. Chester Wheeler of Modesto vacationing on their honeymoon were guests of the W. I. Bovees over the week end, getting a glimpse of our wonderful mountain scenery.

Chamber of Commerce Meet—

Don't forget to attend the local chamber of commerce meeting to be held at the St. Louis Cafe on Monday, April 26.

To San Francisco—

Mrs. W. H. Laity accompanied by Mr. Laity, Mrs. R. P. Bick and Mrs. Lotta Bryant went to San Francisco last night for a visit.

OFFICERS SEEK IN VAIN FOR MISSING BODY

Drunk Man Kicked From Car Near State Line By Motorist

NO CHARGE IS FILED

Search Fails to Reveal 'Body' Of Hitch-hiker After Report Made

What promised to be a baffling mystery story, with murder and intrigue exploded Wednesday night after local officers had searched for hours along the state highway near the Nevada line for the "body" of a man seen tossed from a speeding car.

It all started when two highway employees, Harvey Oates and Foreman Harmon saw the "body" pitched from a car near the state line. They went to the scene and saw the victim about 15 feet from the road with his coat pulled up over his head. Not knowing whether he was dead or alive, the workmen went to the quarantine station and notified the officers. Patrolman Arthur Barrick, Deputy Sheriff Tom Doley, Deputy Coroner Ben Tonini, Chief Clerk Carl Smith and others rushed to the spot indicated by the highway men, but the "body" was missing. After searching for hours, they gave up and started investigating the ownership of the car, the license of which was recorded by Oates and Harmon. It developed the car belonged to F. W. Swearington of San Francisco, a wall paper salesman traveling in this territory.

Further checking by the officers revealed that Swearington had picked up a hitch-hiker and that the two had indulged quite freely. When near the state line, the story goes, Swearington decided to rid himself of his inebriated companion so just opened the door of the car and let him go. Shortly after the two highway employees saw the man beside the road, the man, whose name was not immediately learned, got up and hid himself on toward Sparks, his destination. He was picked up by a Nevada officer and told his story, but, according to local advice, he declined to press charges against the driver of the car.

Swearington was not held.

THORNTON ATTENDS FORD SALES SESSION

John Thornton, Truckee Ford dealer last Friday attended a Ford sales meeting in San Francisco, presided over by W. C. Cowling, head sales manager for the Ford Motor company from Detroit. Sales are more gratifying all over the country and are well on the way to the goal of a million and a half sales in 1937.

NEW SHOE STOCK INSTALLED HERE

Elmo Granata, manager of the Truckee Shoe Shop, announces that he has stocked a complete line of men's dress and work shoes, augmenting the service of the local establishment.

ZOEEL BUYS NEW GMC TRUCK FROM CAMPBELL BROS.

L. E. Zoebel, Truckee electrical engineer, has just purchased a new G. M. C. truck from Campbell Brothers, local dealers. Zoebel and Bud Campbell went to San Francisco last week to select the model.

DOLLEY PURCHASES PROPERTY ON HIGH STREET LOCATION

Purchase of the A. D. Chloupek property on High Street, recently occupied by Mr. and Mrs. C. E. McKee and family, now in Oakland, was announced this week by N. F. Doley, the new owner. Doley did not indicate what his plans are in connection with the new property.

A SHOT AT THE BULL'S-EYE

Now we're getting somewhere in the war against death on the highway.

The U. S. Bureau of Public Roads is launching an extensive scientific study of the life and habits and characteristics of that well-known but little understood creature, The Wild-eyed Driver.

What causes the reckless to drive wildly? What are their personal traits and mental motivations? What causes the metamorphosis of normally sane, intelligent people into fools when behind the wheel of an automobile?

The bureau is out to get answers, through the study of records and the questioning and psychological testing of thousands of drivers. And when they're finished and correlated all their findings, they hope to develop methods that will positively identify the wild ones in jig time, even if such drivers may know all the laws and be physically expert at handling a car.

With such methods available to traffic bureaus throughout the country, how easy it would be to separate the sheep from the goats when the time came to hand out drivers' licenses. And what a boon to humanity it will be if such can be done!

We have built better, safer roads, installed all safety devices known and put better, safer autos in the hands of men—yet accidents have mounted inexorably. The human factor has defied solution.

Now it may be solved. At least this new approach aims at the bull's-eye, at correcting what is popularly but most expressively referred to as the chief mechanical defect causing accidents—the nut that holds the steering wheel.

OUT WITH THE WEEDS!

We have too much law and too much government in California.

So says Assemblyman Robertson, chairman of the ways and means committee, in an article in the latest Tax Digest. It's a timely plaint, what with the legislative mill at Sacramento now grinding out more and more new laws. And here, in part, it is:

"I deem two facts to be self evident; first, that the people of the State of California are possessed of too much government, and second, that the people of the State of California are possessed of too much law . . .

"Let us refer a moment to the question of too much law. Have you ever looked over the Motor Vehicle Code. for instance? What is it? Two hundred eighteen pages just telling you how you can run a car.

"Have you ever read the eight pages that it takes to tell you just what kind of lights you can have on your car? Well, you ought to do it. It is good for you. I think you could put in about six weeks in that and maybe have a few of the fundamentals after you got through.

"Now couldn't it be covered by two pages of simple laws that anybody could understand?"

So it could. So, in fact, could hundreds of other laws which ramble through half a volume trying to make a point. Instead of grinding out another new one every time somebody says "There ought to be a law", it might be well for the legislature to tackle this problem.

A thorough weeding out for the whole body of law in this state has been long overdue.

NOTICE OF ELECTION

for one member of
Board of Directors
TRUCKEE PUBLIC UTILITY
DISTRICT

Notice is hereby given to the electors of the Truckee Public Utility District, County of Nevada, State of California, that an election for members of the Board of Directors of the district will be held on Tuesday, May 4, 1937, in the Utility District's office on Main Street, Truckee.

The Sedition

Politically Speaking

By GEORGE E. HELMER
(United Press Staff Correspondent)

SACRAMENTO, April 22.—(UP)—Preliminary consideration of Gov. Frank F. Merriam's \$446,000,000 budget bill neared the final stages in the assembly ways and means committee in an atmosphere of partisan bickering which was regarded as the forerunner of a long fight on the floor.

Members of the committee approved with a shrug of the shoulders budget items calling for many millions in expenditures. But when they came to one of the smallest budget provisions—\$1,500,000 for the emergency fund—the democrats balked.

Discussion indicated that the Bourbons looked upon the revolving fund as a reserve to be used by the governor for almost anything he wished. State officials and republican members of the committee insisted it was put in the budget for the sole purpose of meeting emergencies.

Members failed in successive efforts to trim it \$500,000 to \$1,000,000 and to approve it as submitted.

"It will be interesting to see what attitude you democrats take on an emergency fund two years from now," Assemblyman C. C. Cottrell, outspoken republican who was one of the administration whips until the Bourbons got control of the lower house, said.

"You're making a political issue out of this one little item in the budget. If you wanted to establish a precedent to be followed in future years, that would be something else. But I can just imagine what you'll want two years from now."

While the committee spent weeks wrangling over various items in the

Clubs Father

budget, final consideration of important measures was held up because any bill carrying an appropriation cannot be passed until the budget is out of the way.

Committee approval of the budget will not end the fight. Both houses must approve the document and the governor must sign it. Since the democrats in the assembly appeared intent upon boosting certain items and the governor insisted he would permit no increases, a deadlock was a possibility.

At any rate, many long days of argument on the floor of both houses will elapse before the 1937-39 expenditure program is adopted finally.

In view of the budget delay, those optimistic legislators who predicted in January and again in March that the session should end about May 1

Christian Science

"I heard a voice from heaven saying unto me, Write, Blessed are the dead which die in the Lord from henceforth: Yea, saith the Spirit, that they may rest from their labours; and their works do follow them." These words from Revelations comprise the Golden Text to be used Sunday, April 25, in all Churches of Christ, Scientist, branches of the Mother Church, the First Church of Christ, Scientist, in Boston, Mass. The subject of the Lesson Sermon will be "Probation after Death."

"because there are so few subjects of real importance to be considered", now believe they will be lucky if they are able to return home June 1.

Among the legislation delayed by the budget trouble were bills designed to liberalize provisions of the old age pension act.

Two bills are in the assembly file awaiting action. One simply would liberalize the act. The other would increase the pension to \$50, lower the age requirement from 65 to 60 years and cost the state about \$180,000,000 additional during the next two years.

Assemblyman William Hornblower one of the strongest supporters of better pension measures, favored assembly passage of both bills.

"Let's send 'em over to the sen-

ate and let them decide which one they want," he said.

"Why not send both of 'em to the governor and let him take it on the chin?" asked a colleague.

Hornblower and other pension advocates regarded the \$50 pension as a splendid proposal but they could not figure out how the necessary money could be raised.

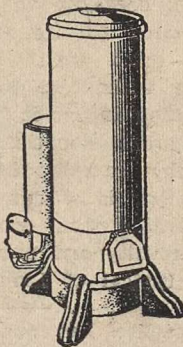

The San Francisco assemblyman, always a friend of labor, was irked because labor lobbyists not only

TAHOE REGION NEWS

By Swanee

NEW SYSTEM FOR TAHOE SCHOOL IS NOW BEING USED

TAHOE CITY, April 22.—With the reopening of the elementary school here, a new system for compiling monthly report cards, in keeping with modern education's advancement, has been adopted by the county under the direction of Mrs. Portia Moss, superintendent of the Placer county schools. From the fourth grade down all pupils will be classed henceforth as simply the primary division, further reference to the first, second and third grades being entirely eliminated. The children will be placed in progressive groups, designated by the teacher's name, flexibility allowing a child to be transferred at any time from one group to another in a manner best serving his or her individual interest.

Several minor accidents occurred on the school grounds the past week necessitating first aid services from Mrs. Bliss Hinkle, high school teacher, whose Red Cross training course for such emergencies has frequently been found invaluable.

OLD CLOTHES PARTY AT PRUSSO'S INN PROVES SUCCESS

TAHOE CITY, April 22.—Prusso's hard-time dinner party and dance proved a highly entertaining affair for both spectators and participants on Saturday night as many residents and business folks from Tahoe and out-of-town, cavorted about in incongruous of antiquated costumes. Three of the five appointed judges voted the prize to Mrs. Minnie Pomin of Idlewild who was rigged out as Mae West in faded blue chambray dress of quaint pattern, bright red sweater and a ten-gallon straw hat, dating back to prehistoric days, tied beneath her chin with a pale blue chiffon streamer.

Among the runner-ups were Mrs. Marie Henry, Mrs. Bliss Hinkle and her daughter, Marilyn. Others creating much hilarity were Mr. and Mrs. Joe Duffee, Misses Beccy Brodehl and Florence Vernon, Mrs. Justine Asai, Dean Hull, Rex Mawdsley, Mr. and Mrs. F. A. Kilner and Miss Mary Pronzato.

Miss Pronzato, a high school teacher, was honored with a surprise

BUILDING BOOM AT TAHOE STARTED WITH NEW HOMES

TAHOE CITY, April 22.—Bearing out predictions of a lively building boom at Tahoe this season, three elaborately spacious homes are being started this week in widely separated sections of the lake.

A large crew of men is engaged in shoveling away from two to three feet of snow at Rubicon Beach where between the T. H. Harper and Dr. Frank Hinman residences, will rise the 16-room summer home of Paul G. Pennoyer of New York City.

The building, being erected by Contractor N. R. Mayfield of Tahoe City, will be constructed of native stone and timber, rustic in design, with spacious flagstone terraces and porches.

By laying the concrete foundation last fall, speedier completion will be facilitated, it being probable occupancy may be enjoyed by July.

An attractive rustic-finish 14-room summer home is also being started at Brockway by Mr. Mayfield for J. H. Threlkeld of San Francisco. The site for the future showplace of the north end lake region has an extensive lake frontage although the building will perch atop the brow of the hill with a wide panorama of lake and mountains. Stairs, walks and patio of native rock will enhance its beauty. Occupancy is expected about the middle of July.

Last of the group is a new six room summer residence to be erected near the beach on the point near Brockway Hotel for Harry O. Comstock, owner of the hotel. Built like the others, of native stone and timber, it too, will conform with the rural atmosphere of the lake region, terraces, walk and stairs of flagstone adding to its rural charm. Mr. Mayfield is the designer and builder.

birthday party by members of her class who engaged a table for the evening.

Among the distinguished guests were Judge and Mrs. E. J. L. Taber and daughter Dorothy of Carson City and Mrs. Marshall Gordon of Pennsylvania, who was accompanied by Dr. and Mrs. Walter Cole and children of Richmond.

Next Saturday will be Nevada Night.

SURPRISE SHOWER IS ARRANGED FOR MILDRED WATSON

TAHOE CITY, April 22.—Practically the entire female population of Tahoe turned out to attend on Saturday afternoon the surprise shower tendered Miss Mildred Watson, local girl, scheduled to marry George Collins in Sacramento on April 25.

Beautiful spring flowers adorned (Continued on Page 4)

Tahoe Ramblings

(By SWANEE)

Mrs. John F. Reedy of San Francisco, whose lovely summer home was completed last year in Timberland Tract by N. R. Mayfield, enjoyed her first visit to Tahoe in the snow last week end. She was accompanied by her sister, Miss Ann McDonald and Mr. and Mrs. Kieth Deegan of Stockton.

Mr. and Mrs. Stanley Pomin of the Pope Estate are enjoying a pre-summer vacation, leaving their family at Grandpa and Grandma E. H. Pomin's in town during their absence.

Mr. and Mrs. Weller Atherton of Tahoe City are expected back this week from a motor vacation trip through the southern part of the state. Herman DeFried of Sacramento, who is engaged each summer at Atherton's grocery, is in charge until their return.

Mr. and Mrs. C. O. Valentine who wintered in southern California have returned to Tahoe where they are preparing Valentine's Lodge near the Tavern for summer opening.

Mr. and Mrs. Willis Hevel returned from Woodland last Friday and have opened their home in the Betten-court Tract.

Mrs. A. M. Anderson of Tahoe City who is your correspondent's pinch-hitting news gatherer during necessary absences was last week given a \$100 merit gift from a Sacramento automobile agency following submission of a number of slogans. Mr. and Mrs. Anderson are vacationing for a week through central California.

Mrs. Etta Marshall was the recipient of bad news last week when she was informed by letter that her

mother, Mrs. Nora Swaney of Chicago was gravely ill. Her 17-year-old sister, Virginia Almond of Chicago will marry soon.

Mr. and Mrs. Chris Boyiaredes who winter annually at Castle Hot Springs in Arizona, returned to their Bettencourt Tract home last week.

The J. Charles Harris family who have been spending the winter at the Hotel Leamington in Oakland, are reported vacationing in distant Japan.

Mrs. H. T. Harper of Rubicon Beach has been touring the European continent for the past four months. Tentative plans call for her attending the coronation ceremonies.

Chris Nielsen, federal marine inspector for the lake region, returned on Tuesday from Auburn. He will place in operation the Sugar Pine lighthouse again for the season about May 1.

Mel Grodzik of Prusso's this week purchased a new Ford coupe. Dave Chambers has ordered a small truck from the same agency.

John Knox, proprietor of the Tahoe Park grocery and cabins, returned several days ago to the lake where he is preparing his property for the summer opening. He spent the winter in Napa.

A. J. Goggins, summer resident at the lake, was a visitor in town over the week end.

Matt Green spent several days in town on business this week.

Mr. and Mrs. John Stevens and Constable Harry Johanson are among the first to be driving new Ford cars, purchased from the Thornton Agency in Truckee.

Gene Re and his father, Joe Re week ended at Tahoe from San Jose. Tahoe Ski Club members are urged not to forget the club's highlinks on Friday night, April 23 at the school auditorium. It means FUN, EATS and DANCING!

Mr. and Mrs. C. O. Valentine have returned to the lake following a

winter spent in southern California. They are preparing for the opening of their attractive tourist lodge near Lake Tahoe.

Electric Service With Safety

It is common knowledge that electricity is perfectly safe when properly used.

There are certain rules which should be observed to keep it safe at all times.

Wiring which was safe five years ago may not be safe today—due to the ever increasing use that is being made each year.

It cost you nothing to satisfy yourself that your wiring is safe.

Call your local electrician and tell him to give your wiring a thorough inspection and report to you any needed changes— He will do it for you FREE OF CHARGE.

1937 Ford V-8

● If you think that "all low-price cars cost about the same" — forget it! They don't.

Ford makes a car — a 60-horsepower economy Ford V-8 — that sells from 30 to 60 dollars under the prices asked for any other car of comparable size. The lowest Ford prices in years!

Check delivered prices in your town and see for yourself.

● Of course, first cost doesn't prove "low cost" — you must consider operating cost also.

The "60" has definitely established itself as the most economical car in Ford history. Ford cars have been famous for economy for 34 years, so that means something!

Owners who have driven it thousands of miles report that the Ford "60" averages between 22 and 27 miles on a gallon of gasoline.

You can prove those figures — on the open road — in a car provided by the nearest Ford dealer.

● When you've finished your personal check-up, ask yourself:

"Do I want to save money the day I buy my car and every mile I drive it?"

"Do I want a safe, roomy, comfortable car of advanced design — created from the finest materials to the highest precision standards?"

There's only one answer, of course — the 1937 Ford V-8.

Ford V-8 \$529 at Dearborn Factory.

MEEK' BAY NEWS

At its annual parcel post party last Friday night, the H and W Philanthropic Club was host to several guests from Truckee and vicinity as well as from all parts of the lake region. More than 100 parcels from various states and cities passed through the "post office" window to the interest and delight of all the purchasers.

After the parcel delivery, 25 sets of bingo were played, 30 of the guests participating. Winners were Mrs. N. R. Mayfield of Tahoe City, Mrs. A. P. Leitch of Truckee and

Miss Mary Pronzato and Mrs. Lee Garner of Tahoe City tied for the consolation. Men's first went to Roy Stark, second to J. E. Pomin and consolation to John Pingree all of Tahoe.

Guests of the evening from Tahoe and vicinity included Mr. and Mrs. Wilfred Almond, Mr. and Mrs. Roy Stark, John Pingree, Frank Cortell, H. Noonchester, Mr. and Mrs. Ted Marshall, Mr. and Mrs. Joe Duffee, and daughter, Eunice, Miss Patricia Henry, Dean Hull, James Mandeville, Mr. and Mrs. J. E. Pomin, Miss Marilyn Hinkle, Mr. and Mrs. Phillip Gallinger, Mrs. E. E. Prusso, Mr. and Mrs. Lee Garner, Mrs. L. Asal and daughter, Virginia, Miss Mary

HOBART MILLS

Mr. and Mrs. J. J. Mullenix and son Fred who have resided at Hobart for the past two years left on Sunday for Doris, Calif., their former home where they will reside.

Mrs. James Percy and son, Robert left Sunday for Oakland where they will make their future home. Percy is employed in an Oakland garage.

Mr. and Mrs. T. L. Bonner were visitors from Truckee at the home of Mr. and Mrs. Frank Wilson on Monday.

Cecil Selburn who has been in charge of the club rooms for the Hobart Estate company for many

Pronzato and Miss Florence Vernon. Truckee visitors were Mr. and Mrs. E. L. Loynd, Mr. and Mrs. A. P. Leitch, E. Baker, W. C. Case and C. B. White.

Club members present were Mr. and Mrs. Charles Heller, Mr. and Mrs. A. M. Henry, Mr. and Mrs. Jack Hale and son, Frank, Mr. and Mrs. Cecil Bowman, Captain H. Hansen, Canton Iverson, Phillip Gier, Mr. and Mrs. C. W. Vernon, Mr. and Mrs. S. Brown, Mr. and Mrs. Orel Sweem, Mrs. Hattie Lake, Radford Keifer, Miss Rosalee Heller and Fred Hennigan.

George Kehlet, manager-owner of Meek's Bay resort, was taken suddenly ill upon leaving the lake last week and was forced to stop in Sacramento where he was taken to a hospital. Word from Mrs. Kehlet on Saturday was that his condition, although slightly improved was still very serious. He had been suffering from an attack of quinsy and the complications were feared.

Interior improvements are going on at Rubicon Lodge this week under the supervision of Captain Hansen. The W. S. Hellers of San Francisco are expected to arrive at their home there about June 1.

Mr. Fred Hennigan who was taken very ill recently while visiting at Meek's Bay, is now on the road to recovery. He expected to leave this week on a business trip to Sacramento.

years, is moving to Truckee where he has secured employment. His mother, Mrs. Mark Richardson has gone to Carson City to make her home with her brothers for the present.

Frank Wilson who has been confined to his home with illness is much improved.

G. D. Oliver returned to Berkeley at the end of the week after spending several days in town.

Mr. and Mrs. Ike Holmes arrived Saturday from San Francisco to see J. B. Clark. Mrs. Holmes and Mrs. Clark are sisters.

Miss Lucy Otis who is attending school in San Francisco spent Saturday and Sunday in town visiting her parents, Mr. and Mrs. Austin Otis, Sr., and family.

Mr. and Mrs. Davies and children of Sacramento visited over the week end at the home of Mr. and Mrs. Dave Kamerer and family.

Mr. and Mrs. A. D. Murray and son, Edwin, accompanied by Miss Ruth Siebold drove to Lake Tahoe on Sunday, returning via Reno.

Jack Chubbuck is confined to his home by illness.

Mrs. Irma Atkins left Friday for Nevada City where she spent the week end with her mother, Mrs. I. Hiscow, returning Sunday afternoon.

Mrs. A. D. Murray entertained the members of her bridegroom club last Wednesday afternoon with the following ladies attending: Mrs. E. C. Murray, Mrs. E. K. Wilson, Mrs. P. W. Lazier, Mrs. George Lesselyong, Mrs. O. C. Landrith, Mrs. H. D. Seibold, and Mrs. Harold Percy. A very pleasant afternoon was spent. The awards went to Mrs. Lazier and Mrs. Lesselyong.

Leroy Wilson who has driven the Hobart Estate truck for the past four years has gone to Sierraville where he has secured work. His family will soon join him.

Mr. and Mrs. Allen Hill accompanied by Mr. and Mrs. John McPherson were visiting in Grass Valley and Nevada City on Sunday.

Mr. and Mrs. Mervin McDonald left Saturday for a visit with relatives in Sacramento.

The state highway crew is working on the Truckee-Hobart road, preparatory to oiling.

Clair Martin, Edwin Murray and

the women's clubhouse where individual tables were set for serving ice cream, cakes and coffee. The honoree arriving last, was surprised and delighted with the selection of lovely linens, dishes and household articles heaped high in a large basket which were opened following the serving of refreshments.

Bridge consumed the remainder of the afternoon, prizes being awarded to Mrs. Phoebe Darlin, first. Mrs. Maude Mund, second; and Mrs. Ida Simmonds, consolation.

Those who attended included Mesdames Justine Asal, F. A. Kilner, Stella Watson, Anne Mund of San Francisco, Nellie Woolley of Reno, Otto Darlin, Lief Neilsen, C. O. Valentine, Violet Garner, Jewel Bechdalt, Ted Marshall, Jess Sisk, Ida Simmonds, Ruth Wathen, Henry Worden, A. M. Henry, Nora Hevel, Eleanor Swanson, Ethel Vernon, Betty Stevens, Bliss Hinkle, Rose Boylars, Alma Piersen, Irene Duffee, Ruth Mayfield, Barbara Spitzner, Minnie and Northie Pomin, Myrtle Gallinger and the Misses Mary Pronzato and Mildred Watson.

A FORECAST OF YOUR NEXT 10,000 MILES

Happier Motoring

For those who follow the recommendations of their car's manufacturer

In the next 10,000 or 50,000 miles you drive there is nothing but pleasure ahead—IF you care for your car in the way the manufacturer recommends.

In the factory handbooks which all car owners have—but too few read—are the specific service recommendations for the upkeep of your car. This is the authority—the guide to Associated's MILEAGE SERVICE.

A Safer car, too

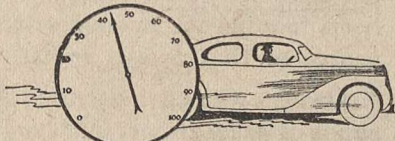

MILEAGE SERVICE is dedicated to your safety and to the safety of your family. No automobile can travel today's highway speeds in safety without proper, careful service. To keep your car safe, to avoid any premature failure, Mileage Service follows the strict instructions of automotive engineers. Mileage Service is based on Factory-Specifications.

Worries will be filed in "Mileage Service"

When your car is "registered" for Mileage Service you need worry no more. When services are due—based on your mileage and the recommendations of the manufacturer of your car—a reminder will be sent to you.

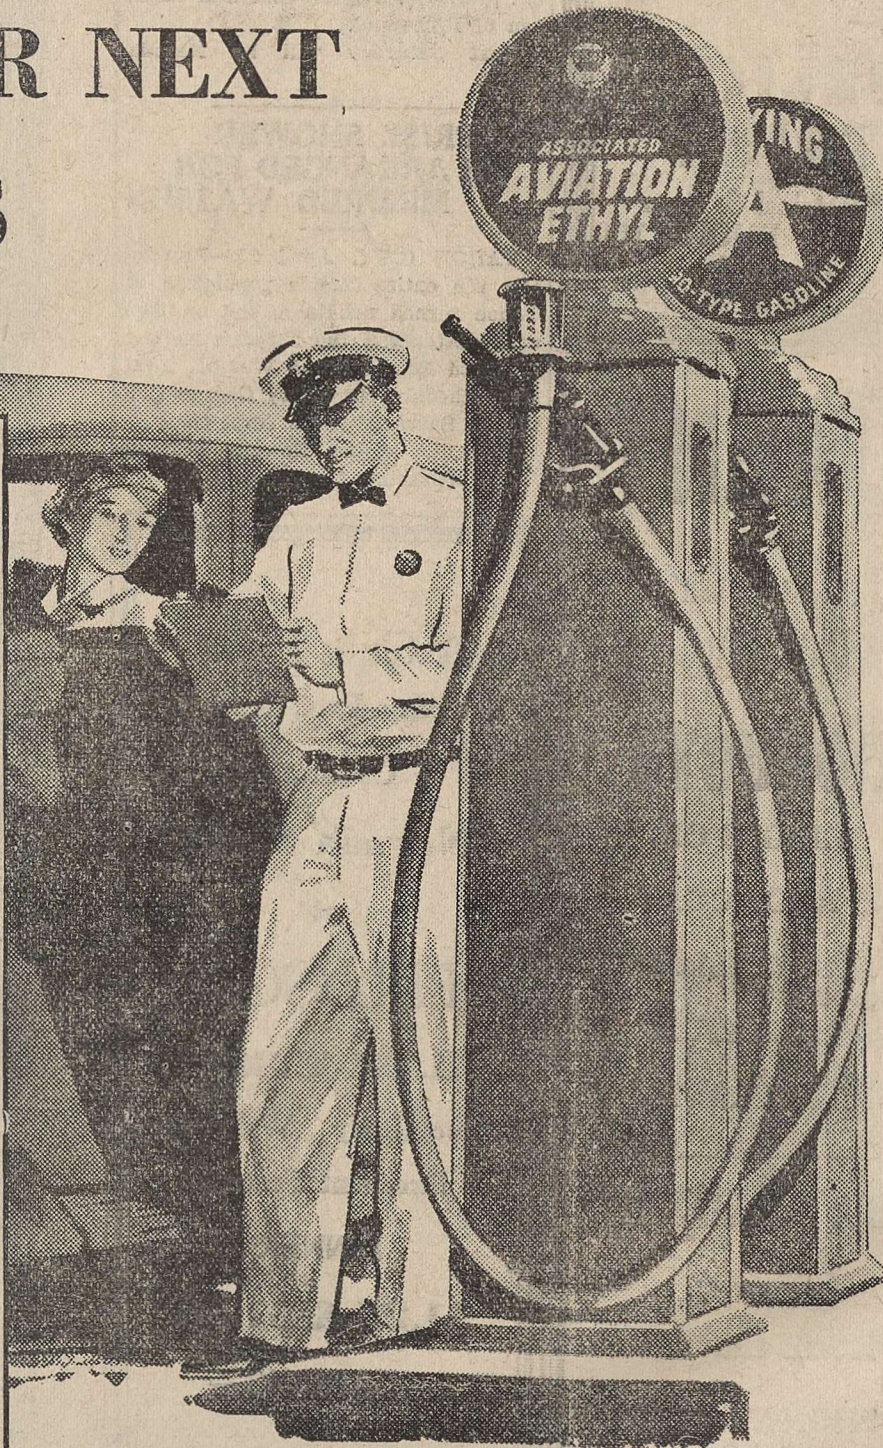

These periodic written reports keep you posted—tell you exactly what has been done in servicing your car and what services should now be done in order to maintain performance, economy and safety in your driving.

All's well, always
when your dealer watches
the speedometer

Like the manufacturer of your car, your Associated Dealer uses your speedometer as his guide of service. At certain mileages certain services are due—of these he promises to remind you. He accepts the responsibility of keeping you informed always.

Assure yourself of 10,000 miles of carefree, economical driving by registering your car immediately for the new Associated Mileage Service at your Smiling Associated Dealer's.

Gleaned From The Bright Side of Life

By SARGE CLARK and
OTHERS

Isabelle, the braw Scotch lassie at Tony's Coffee Shop, was taking a walk near the Southern Pacific depot the other day when a freight train was being made up.

A brakeman suddenly shouted: "Jump on her when she comes by, run her down by the water tank; cut her in two and bring the head end up to the depot!"

Isabelle broke all records getting away from there.

The average man is ornery—
Dispute it if you can.
I know because I'm ornery—
And I'm just an average man.

"Well," said Jimmy McIver, the garage man, looking at a Saratoga chip in a local cafe. "This potato certainly was successful in its effort to reduce."

Recently, I went to the show with George Haines, of the California Highway patrol, and the strains of "Sweet Adeline" came out of the loudspeaker. George thought it was the national anthem and stood up and I did, too, darn him.

I love to speak
Of Edmund Myers
He knows where I
Can buy cheap tires.

ALAS, POOR MARY ANN!
Here lies the body of Mary Ann Lowder
She burst while drinking a seid litz powder.
Called from this world to her heavenly rest
She should have waited till it effervesced.

What has become of the old-fashioned mother who used to make the children take sulphur and molasses every spring?

TODAY'S DEFINITION
A parking space is a hole between two cars, generally found on the opposite side of the street from the one you are on.

One, two, DIP—
One, two, HOP
Jazz bug's got him,
Poor Grandpop!

I'D LIKE TO KNOW
Who overstuffs the overstuffer's daughter while the overstuffer's busy overstuffing?

HOW RIPPING
With graceful feet a maiden sweet
Was tripping the light fantastic—
Then she suddenly tore for the dressing room door
You never can trust elastic.

The darkest hour may be just

Largest Red Cedar Mill Ablaze

Firemen form a battling line of ladders as they hammer the flames which recently swept through the Seattle Cedar Lumber Manufacturing Co. plant, the nation's biggest producer of red cedar. Here they are shown attempting to confine the fire within the dry kilns and away from the piled lumber at the left.

before dawn, but the biggest blow-out never comes in sight of a service station.

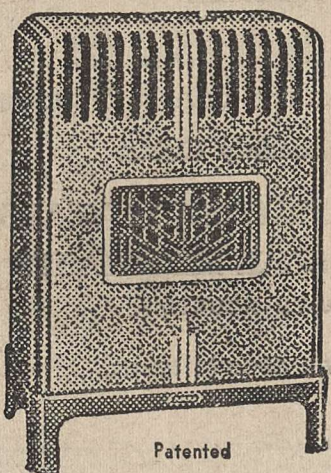

Has New Dodge—

Dolye McGinn, employee of the Truckee Meat Company, is the proud owner of a new Dodge coupe purchased from A. R. Ghirard of the Truckee Garage.

ALIENS BENEFIT FROM STATE RELIEF FUND

SACRAMENTO, April 22.—(UP)—Aliens received six per cent of state relief money paid in February, according to a report filed with the senate by Mrs. Florence L. Turner, state director of social welfare.

Based on reports from county welfare departments, the director said 19,720 aliens received aid totaling \$200,000. Total payments were \$3,330,479.

POLITICALLY SPEAKING (Continued From Page 2)

sought the \$50 pension but also demanded repeal of the state sales tax which produces more revenue than nearly all other tax mediums combined.

"It just doesn't add up," Hornblower pointed out. "We can't cut revenue in half and at the same time nearly double our expenditure."

Some of the controversial issues which legislators dodged for the first several weeks of the session: tideland oil drilling, dog racing, anti gambling.

Senator Culbert Olson hesitated to ask for upper house action on his tideland oil bill for fear he could not get the necessary 30 votes to approve the urgency measure. He believed he could muster a majority support for the bill itself, but he wanted the urgency clause adopted to assure immediate development of the Huntington Beach oil pool on his royalty basis. Otherwise, he figured, the oil might dwindle away before anything is done to give the state a greater share of its own resource.

"Pig in the Parlor Bill" Killed in Committee By State Lawmakers

SACRAMENTO, April 22.—(UP)—Assemblyman Frank Laughlin's famous "pig in the parlor bill," widely publicized at the beginning of the session, died in committee.

The proposed law would have made unlawful the keeping of pigs, sheep, goats, mules, dogs, cats, monkeys, horses, cows and numerous other animals in a hotel or apartment house.

Attend Party—
Mr. and Mrs. A. P. Leitch, Charles White and E. L. Loynd attended the Parcel Post party at Meeks Bay last Friday evening.

Leave for South—
Mr. and Mrs. George Markell and daughter, Dorothy, left Wednesday on a motor trip for Southern California and Mexico.

One opponent objected "you couldn't even keep a dead rabbit for cooking purposes in the apartment house icebox because the bill does not exclude dead animals."
